

## Get Certified or STAY Certified – CPP & FPC Review Classes

To keep everyone safe, the Chicago APA Chapter will be hosting via Zoom the Fundamental Payroll Certification and Certified Payroll Professional Review Classes for payroll professionals wanting to take the FPC or CPP test in the Spring 2023 testing window. These classes are also a wonderful opportunity for current FPC and CPP certification holders to gain the RCH's they need to keep their certification active.

Thanks to the generosity of the American Payroll Association, we have been able to obtain a license with Zoom that will allow us to be logged into the sessions for an unlimited amount of time each day.

The dates for the classes are as follows:

CPP	FPC
Saturday, February 4, 2023	Saturday, February 11, 2023
Saturday, February 11, 2023	Saturday, February 25, 2023
Saturday, February 25, 2023	Saturday, March 4, 2023
Saturday, March 4, 2023	Saturday, March 18, 2023
Saturday, March 18, 2023	Saturday, March 25, 2023
Saturday, March 25, 2023	

The prices for the classes are as follows:

CPP	FPC
Chapter Member \$300.00	Chapter Member \$200.00
Non-Chapter Member \$350.00	Non-Chapter Member \$250.00

(Join the chapter NOW and take advantage of your membership discounts for the entire year!)

If you plan to attend either of the classes, we strongly urge you to order the **2022 edition** of "The Payroll Source" subscription (CPP) or "Payroll Practice Fundamentals" eBook (FPC) as soon as possible. Chapter materials will be required to be with you on the first day of class, as well as your study preparation for the chapters to be covered each class period, prior to attending the class. If you are attending for the recertification credits, feel free to use a recent edition of the textbook.

**All CPP Candidates:** The APA has a special pricing structure for the exam. Members of APA (national) receive a considerable discount of The Payroll for the online version (\$410 vs. \$670), but also on the cost of the exam (\$395 vs. \$570). Since the cost for becoming a NEW member of the APA is \$333 (\$298 for renewal) ... membership has its advantages. Membership in just the local Chicago chapter will not qualify you for the discounts.

**ALL FPC Candidates:** membership in APA (national) results in a similar discount, but not as drastic. The exam difference is \$75 (\$335 vs. \$415) and a \$242 difference for the Payroll Practice Fundamentals eBook (\$237.95 vs. \$479.95). Again, your local Chicago chapter membership will not qualify you for these discounts.

We are excited to have both new and returning speakers who have lots of excellent information to pass on to everyone who attends. The Education Committee members are looking forward to being involved in the chapter's success and helping everyone achieve their goals.

You can learn more information and sign up for the classes now by going to the Education tab on the Chicago APA Chapter website: [www.chicagopayroll.com](http://www.chicagopayroll.com)
