

Eric Vicencio, IT Partner from Eder Casella Technology. Eric began his career in healthcare, and he has been working in the IT field since 2006 when he graduated from Northern Illinois University. Eric specializes in Infrastructure, SQL and compliance: Licensing, HIPAA, GLBA and PCI. Eric understands the challenges of getting your work done in a world filled with IT scams, technology issues and time constraints. He presents tangible ways to remain safe in layman's terms so that attendees can take away simple steps to keeping safe in a scam-filled world.
